

**INSTRUCTIONS**

Acceptance criteria for the Naval Sea Cadet Corps/Navy League Cadet Corps (NSCC/NLCC) are listed on the reverse side. No one will be denied admission to the program due to a medical disability, however participation may be limited if the cadet is not able to meet the medical standards necessary to FULLY participate in training activities involving strenuous physical exercise and activities such as orientation in fighting shipboard fires in often hot and humid environments. The medical provider should list any condition(s) that could interfere with full, unrestricted, participation in the NSCC/NLCC. Conditions that will or are likely to require treatment, particularly unresolved injuries and recurrent illnesses, must be listed. The history of immunization should be verified to the satisfaction of the medical provider. A licensed medical provider must complete this examination.
